Hello David,

Thank you for the update and glad you were able to submit the paperwork in time.

No need for copy of detailed entitlement package.

We joke that Urbanize LA has a desk at the Development Services Center, and alas, Urbanize LA did a posting of your filing.

Let's be in touch as the process goes forward.

Gerald

Gerald:

We submitted our entitlement package yesterday for 1330 Pico. If you are interested, we can set up a drop box for you to have access to the entitlement package. This package has the finalized renderings.

As promised, attached is the comparison we put together showing the existing building versus the contemplated development from a street level perspective.
